ACKNOWLEDGMENT

Dear Graduates,

On behalf of the Maple Ridge - Pitt Meadows Board of Education, I would like to congratulate you on reaching this significant milestone in your educational journey. Graduation is a remarkable achievement that reflects your hard work, perseverance, and dedication.

I would also like to express the Board's deepest appreciation to the many local service groups, organizations, and individuals who have generously supported the scholarships and bursaries featured in this booklet. Their investment in the post-secondary futures of our youth demonstrates a strong belief in your potential and in the promise of what lies ahead.

I encourage you to take the time to learn about each of these contributors, appreciate their stories, and, most importantly, extend your sincere thanks for their generosity and commitment to your success.

We are excited to see what the future holds for you and look forward to celebrating your continued achievements.

Best wishes,

Elaine Yamamoto, Chair
School District 42 - Board of Education

Dear Graduating Class of 2025/2026,

As you complete your time in the Maple Ridge-Pitt Meadows School District, this year's District Scholarship Booklet reflects the strength of the community that surrounds you. Local organizations, businesses, and individuals continue to invest in our graduates because they believe deeply in your potential and want to support your aspirations. Whether your next steps lead you to university, college, the trades, or another learning pathway, you are supported by a community that wants to see you thrive.

Your graduating year is filled with important milestones and competing priorities. Taking the time to apply for scholarships and bursaries is a meaningful investment in yourself and your future. Learning when to seek and accept assistance is not a sign of vulnerability; it is an invaluable part of growth, resilience, and lifelong learning. Allowing others to support you helps open doors and builds the confidence needed to navigate the opportunities and challenges ahead.

If you are fortunate to receive financial support, we encourage you to acknowledge and thank the donors whose generosity makes these opportunities possible. Their commitment strengthens our community and creates lasting impact for students now and in the future.

We are proud of all that you have accomplished and of the perseverance you have shown throughout your learning journey. We wish you every success in your next steps and hope you will remain connected to our school district and the caring community that has supported you along the way.

With best wishes for the future,

Teresa Downs
Superintendent of Schools

MAPLE RIDGE – PITT MEADOWS SCHOOL DISTRICT NO. 42
STUDENT FINANCIAL AWARDS
2025-2026
Philosophy of SD42 Selection Committees
Scholarship / Bursary / Award

BOARD POLICY: SD 42 POLICY: 4435

The Board of Education (“Board”) encourages students to pursue school programs to stimulate their levels of thought, productivity and citizenship. All student scholarships, bursaries and awards presented in the School District shall be granted strictly on the merits of the recipient and criteria determined by the donor/organization of the award.

The Board is appreciative of the community support given to students and encourages members of the public and community organizations to support the students of the School District by donating funds for scholarships, bursaries and awards.

In keeping with the Board’s policy, it has been the approach of the selection committees, both District and school based, to recognize as many of the outstanding accomplishments of as many students from SD42 that meet the criteria set out in the award description. As such, in cases where a student may meet the criteria of a number of awards, prior to awarding multiple awards to a single student, the selection committees will ensure that all applicants demonstrating outstanding accomplishment in meeting the criteria are considered. In this way, we are able to recognize as many of the outstanding students in our district as possible. However, if the accomplishments of a student are of such an outstanding nature as to set them significantly apart from all other’s in meeting the criteria then the committees shall award accordingly. It is important to recognize as many of our outstanding students as possible.

INTRODUCTION:

A number of types of financial assistance are available to students for post-secondary education and/or training:

Guidelines

1. Criteria, application forms, and selection processes should be consistent among schools within a school district/independent school authority.
2. Information about selection criteria and process should be posted on the district/authority web site or otherwise communicated in a transparent manner that is equally accessible among applicable schools and student populations.
3. Applications must include evidence of student learning or achievement in the chosen area. This may include but is not limited to the following:
 - a) Submission of a project/portfolio (electronic or hardcopy), display or video.
 - b) Participation in an interview, performance or demonstration.
4. Scholarship selection should be adjudicated by a committee, either at the district/authority or school level, as appropriate. Committee members may include but are not limited to:
 - a) Teachers
 - b) School administrators
 - c) Superintendent of Schools or Designate
 - d) School Trustees
 - e) Parent Advisory Council representatives
 - f) Municipal Council representatives
 - g) Local business representatives
 - h) Community representatives

Although broad participation may be a challenge, especially in smaller communities, districts and authorities should strive for a cross-section of representation whenever possible.

5. The board of education or independent school authority is responsible for maintaining data and records to support their consistent and transparent scholarship criteria and selection processes.
6. Board of education and independent school selection committees should consider the distribution of scholarships across the seven areas of interest.
7. Boards of education and independent school selection committees should consider whether selected recipients have an achievable plan for transition to a post-secondary education or training program within five years (ie. before the scholarship expires); they should also keep in mind that students may only redeem their vouchers with the Ministry of Education and Child Care to be reimbursed for tuition paid at a post-secondary institution that is designated by the Province of BC (i.e. approved for Canada Student Loans) or a program provider that is approved by SkilledTradesBC.

Selection Procedure

Each school scholarship committee will select, using their own criteria, and bearing in mind the Eligibility Requirements and Specific Procedures and Rules, the best candidates to make presentations to the School Scholarship Committee. The number of candidates to make presentations will be determined by the school.
